IMAGE INSTALL PHOTO VALIDATION

DISPENSERS DECAL OVERVIEW

Items highlighted yellow need to be photographed and returned to Clark Brands RSM. Recommended: Take full head on view of each dispenser

Photograph both sides of each dispenser.

ENTRY DOOR & WINDOW DECALS

Photograph store entry ways with decals.

FORE COURT CANOPY AND PRICE SIGN

When work is completed, your RSM will validate and sign off that your image project has been completed successfully.

Please provide the RSM photographs that show all sides of canopy, price sign (both sides), all dispensers (both sides), and building. See guidelines in image manual.

Photograph all sides of canopy and both sides of price signs.

IMAGE PARTNERS

Contact us at 877-462-5275 for more details, or answers to questions.

LSI INDUSTRIES
Luke Clements
713-329-4064
Adriana Campuzano
713-329-4073

LSI manufactures canopy and building fascia film and logos, entry door decals, dispenser door graphics, dispenser valance graphics and fuel island regulatory and warning decals to Clark standards.

HEMPEL INC.
Elida Rodriguez
214-353-1604

Hempel Inc. coatings are now available in Clark colors. Enjoy superior color holding capabilities as well as the long life of Hempel coatings. Hempel usually ships paints the next day from their factory in Texas. You can schedule delivery to make sure the paint is ready when you need it.

SHERWIN-WILLIAMS
Mike Thomas
630-617-1714

Sherwin-Williams paints may be purchased at a nearby Sherwin-Williams retailer. You can also go to sherwin-williams.com and click on Store Locator to find the closest store near you. Please refer to the Sherwin-Williams Exterior Usage Guide on page 24 for your paint formulations chart for color specifications.

Left Elevation (Street Justified)

Front Elevation (Faces Street)

Right Elevation (Street Justified)

CANOPY LOGO PLACEMENT

CANOPY OPTIONS

Illuminated Red Stripe and Logo Sign

Illuminated Sign

CANOPY FILMOVER GRAPHICS

Clark Sapphire Blue - used on 4' canopies
Item No. 169295

Clark Sapphire Blue - used on 3' canopies
Item No. 103208

Product

Vinyl with self-adhesive backing.

Application

Vinyl sheets are to be ordered in quantities sufficient to cover fascia and meet site specific conditions. Sand and prime any rusted areas. Clean all surfaces thoroughly. Install per vinyl installation instructions in this manual. Refer to the canopy or building fascia details in this manual for additional information regarding this material.

Please note, when ordering these items for fascia that is corrugated, add 10% to the overall length of the fascia to accommodate this additional surface area.

ILLUMINATED CANOPY CLARK SIGN

Internally illuminated logo sign and speed lines.

For use on canopy fascia where municipal sign code allows.

Item No. 360351

Product

Vinyl with self-adhesive backing.

Clark Red

Application

Apply vinyl speed lines to canopy fascia after the fascia surface is filmed over per instructions included in this manual.

Order in quantities necessary to complete site specific requirements.

Product

19"H x 76.875"L x 5" Deep canopy logo

Background - Sapphire Blue

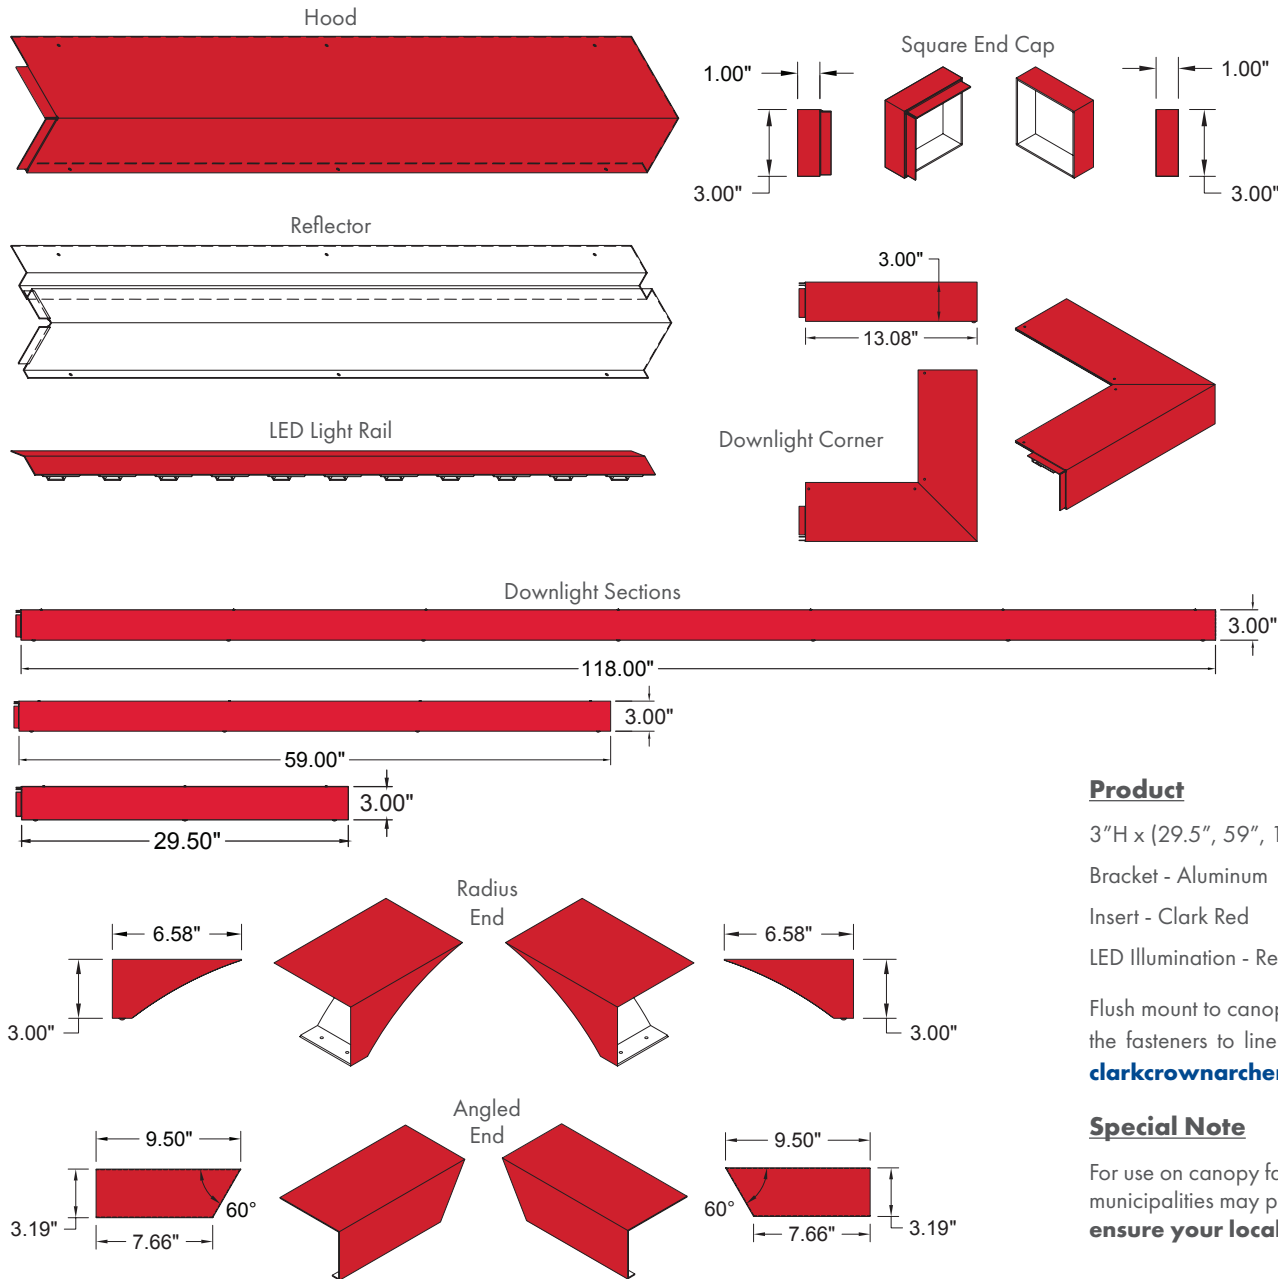

Drop Shadow - Light Blue

Clark Copy - White

Special Note

Permit requirements of local municipalities may prohibit use of this sign. **Prior to placing an order for this sign, ensure your local sign ordinance permits its use.**

ARCHER SYSTEM LIGHTING

Archer Examples

Product

3"H x (29.5", 59", 118")L x 3"

Bracket - Aluminum

Insert - Clark Red

LED Illumination - Red

Flush mount to canopy face using fasteners suitable for existing canopy structure. Locate the fasteners to line up with existing support structure of the canopy. Go to bit.ly/clarkcrownarcher for more information.

Special Note

For use on canopy fascia where municipal sign code allows. Permit requirements of local municipalities may prohibit use of this sign. **Prior to placing an order for this sign, ensure your local sign ordinance permits its use.**

NON-ILLUMINATED RED STRIPE

Clark Red - used with Non-illuminated Red Stripe Options
Item No. 360350

Product

Vinyl with self-adhesive backing.

Application

Vinyl sheets are to be ordered in quantities sufficient to cover fascia and meet site specific conditions. Clean all surfaces thoroughly, sand and prime any rusted areas. Install per vinyl installation instructions in this manual. Refer to the canopy or building fascia details in this manual for additional information regarding this material. Please note, when ordering these items for fascia that is corrugated, add 10% to the overall length of the fascia to accommodate this additional surface area.

UNIVERSAL PUMP SKIRTS

38"H x 55"W Universal Pump Skirt
Item No. 103195

43"H x 36"W Universal Pump Skirt
Item No. 103145

Product

Sapphire Blue vinyl decal with self-adhesive backing.

Preparation

Remove all existing decals and thoroughly clean all surfaces. Sand all edges, copy and scratches from the surface. Sand any rusted areas and prime surface prior to decal application. Install per vinyl installation instructions in this manual.

Application

These dispenser skirts may be trimmed in the field to fit any dispenser models within the recommended ranges indicated.

***Logos and Decals purchased separately.*

DISPENSER DECAL OVERVIEW

*Decal is placed near the price readout area of the dispenser.

Gilbarco Encore 500s

DISPENSER DECAL OVERVIEW & KITS

Gilbarco Encore 500s

Gilbarco Encore 700s

Dresser Wayne Ovation

Gilbarco Encore 300/500

GILBARCO ENCORE 500s Dispenser Kit

Preparation

Remove all existing decals and thoroughly clean all surfaces. Clean any painted skirts and bonnets. Sand all edges, copy and scratches from the surface. Sand any rusted areas and prime surface prior to decal application. Wipe surfaces with dry towel and then apply vinyl.

Application

For Universal Pump Skirt, apply solid film and trim to fit. Apply Clark logos to the skirts as illustrated. For the Valance, apply film on 4 sides as shown. Then apply pump numbers, product ID's, octane decals, credit card decals, and regulatory decals as illustrated.

DISPENSER DECALS

Product

Vinyl decal with first surface screen-printed image. Self-adhesive backing.

Background w/ Speed Lines & Hallmark Logo
Item No. 375597

Solid Background
Item No. 375596

Application

Dispenser numbers are site specific and must be installed to meet needs. Placement of the numbers are unique to each dispenser model. See guidelines below for installation on Wayne Ovation dispensers. For other models, refer to the specific dispenser model page for placement of the decals.

for Wayne "Ovation" Valance
Valance face: 10"h x 76"w.

Tip of "Speed Lines" should align with top and bottom edges of pump valance. Position graphic to center Hallmark left/right & top/bottom to pump valance. Use PN 375596 to cover remaining approx. 8" of valance at both ends.

Product

Vinyl decal with first surface screen-printed image. Self-adhesive backing.

AVS Decal
Item No. 531368

Shut Off Decal
Item No. 531369

These decals are intended for use on dispensers with card readers and their use is site specific. When ordering, include quantities sufficient to fulfill the site needs.

Application

Clean all surfaces thoroughly. Sand and prime any rusted areas. Apply vinyl decal to the required area of the dispenser following the vinyl application instructions shown in this manual. Place the Credit Card decal directly above or below any automatic card reader (CRIND) units. For dispenser without CRIND units, usage of this decal is optional.

Product

White vinyl pre-spaced lettering with self-adhesive backing.

Dispenser Skirt
Logo Decal
Item No. 169375

Dispenser Skirt
Logo Decal
Item No. 103108

Application

Clean all surfaces thoroughly. Sand and prime any rusted areas. Apply vinyl decal to the required area of the dispenser following the vinyl application instructions shown in this manual. Place the Clark logo 2" from left edge and 2" from top edge of pump skirt.

Numbers 1 - 12
Item No. 205397

Numbers 13 - 24
Item No. 205371

Dispenser Numbering Decal Set

Includes (1) of each number shown.

Clean all surfaces thoroughly. Apply decal to the required area of the dispenser following the vinyl application instructions shown in this manual.

Please Contact Mike Thomas at (630) 617-1714 for your nearest Sherwin-Williams representative to assist you. All products listed are special order. Please allow reasonable lead times for all paints & related products.		

- The paints are available at Sherwin-Williams nationwide and their Coatings Representatives are available for site visits to assist in any project.
- Unless otherwise indicated, provide factory-mixed coatings. When required, mix coatings to correct consistency in accordance with manufacturer’s instructions before application. Do not reduce, thin, or dilute coatings or add materials to coatings unless such a procedure is specifically described in manufacturer’s product instructions. VOCs need to be confirmed by using the products MSDS sheets.
- Where the manufacturer offers options on primers for a particular substrate, use primer categorized as “best” by the manufacturer.

SHERWIN-WILLIAMS ORDER PROCESS

1. Pre-order paint ahead of time so it is ready when you arrive.

- > Find a Sherwin-Williams location; over 4,200 stores across the country.
 - <https://www.sherwin-williams.com/store-locator>
 - Locate your nearest store and phone number to pre-order paint or visit a store for mix on demand material while you wait.

2. National Program Selections

- > Reference to Store Personnel: Clark Brands LLC- National Account, Parent Number 5500. Store personnel will then look up above colors and products along with identifying a Clark Brands LLC Non-Credit Account (5539-5850-5) for pricing on their Source-Client Management System.

3. Materials

- > To reference Clark colors and products for all substrates (concrete, metal-aluminum/galvanized, metal-ferrous, wood and drywall (gypsum board exterior) your Sherwin-Williams paint consultant will help select the primers, paints and supplies needed to complete your project.
